

# Arthurs Seat Eagle – Mornington Peninsula (May 2017)

*(Commentary and photos courtesy John Shrives, Ray Binks, Robin Bray)*

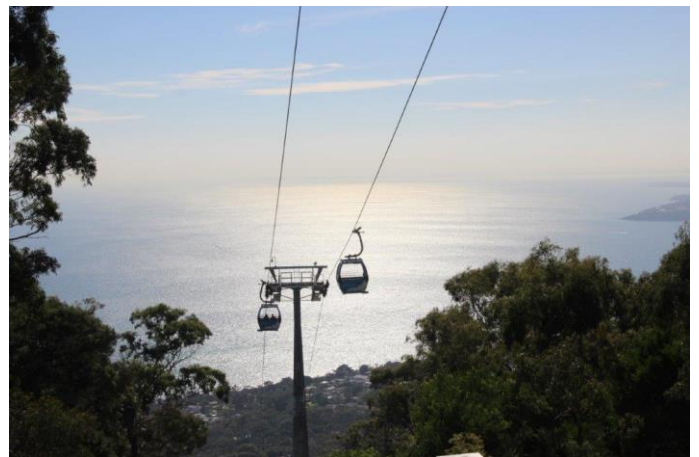

On a picture, perfect day 25 members went on the Arthurs Seat Eagle Gondola ride. We met at the base station for the ride to the summit of Arthurs Seat. After morning tea and a stroll around the summit we had lunch in the Eagle Café. It was then free time for picture taking and a walk or just relaxing in the National Park on the beautiful sunny day. We finished the trip with a gondola ride back down to the Base Station.

Trivia: Arthurs Seat was named after a similar looking area in the UK.

Question: who's GPS took them to the summit and not to the base station of the Eagle?

View from the Eagle...

...on the way up

Robin, Rosemary & Val getting ready

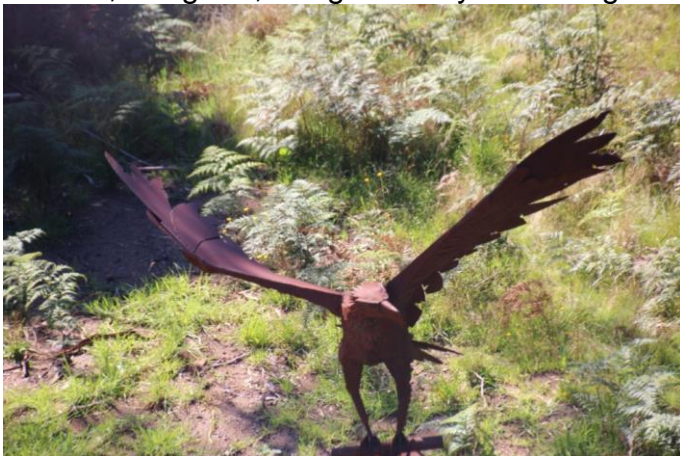

Doug, Jean, Richard relax for the journey up

Judith, Margaret, Margaret & Lynn all laughs

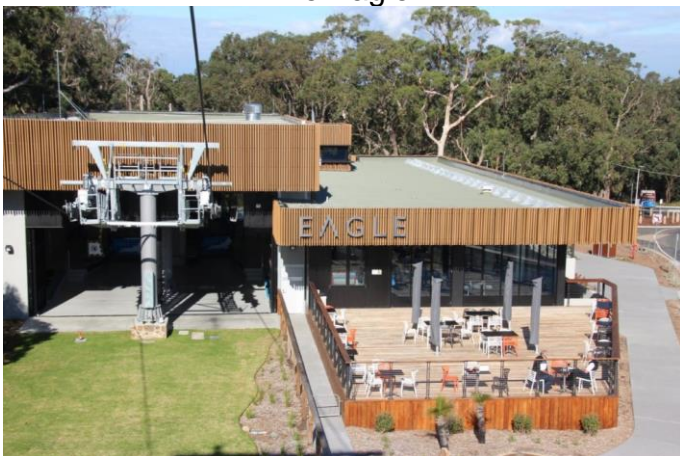

Up Up & away
